Item Title: A resolution of the city council of the city of Forney, Texas awarding the contracts for construction and related services for the city hall security upgrade project			
How this item ties-in with the City's Mission, Vision and Values: Maintain safety and security of our facilities for both citizens and staff.			
Attachments: Resolution GFC Contracting Quote (Utility Billing Rework) Cingl Communications (Cabling) Knight Security (Access Control)			

Item Summary:

Resolution will allow the City Manager to execute the agreements with the three contractors for the City Hall security upgrades project. Using previously created plans GFC will construct the Utility Billing area to have two secure transaction windows with communications equipment.

Cingl Communications will replace the aging network cable in the building to provide the paths for the access control and communications equipment, this will as well improve overall network stability at City Hall.

Knight Security will install the Access control equipment at City Hall, this will extend the current system used at the PD into the City Hall building and allow the extension into other city buildings if the projects resources can be extended into those areas.

GFC : \$38,931.75 (Buy Board Vendor)

Cingl Communications : \$24,372.18 (Lowest of 3)

Knight Security : \$39,400 - \$44,200 (For City Hall Only) other sites to be done if project funds will allow, vendor is DIR
